To whom it may concern,

It's my absolute pleasure to recommend George Marius Chisiu as a web developer. He helped me in many instances when I was in need of help for quick fixes or emergencies.

George and I worked together on Freelancing projects for little over 2 years. Either doing maintenance work, changes on existing projects, redesigning older websites or building projects from ground up, he was a real help, always focusing on the quality of the finished product.

I thoroughly enjoyed my time working with George, and came to know him as a truly valuable asset to my team. He is honest, dependable and incredibly hard-working. Beyond that, he is an impressive project manager who is always on top of things.

His knowledge of web development and expertise in Wordpress was a huge advantage for me and my clients. He put his skills to work in order to deliver the tasks before the deadline whenever possible.

Along with his undeniable creative talent, George has always been an absolute joy to work with. He is a true team player, and always manages to foster positive discussions, encouraging people to always go the extra mile.

Without a doubt, I confidently recommend George to join your team. As a dedicated and knowledgeable employee and an all-around great person, I know that he will be a beneficial addition to your organization.

Please feel free to contact me on any of the means below if you like to discuss George's qualifications and experience further. I'd be happy to expand on my recommendation.

Sincerely,
Jackson Walker

Visual product designer,
Front-end development
